Roll Length: 8 linear yards

Packaging: Double Rolls

Backing: 300gsm Non-Woven

Meets CA01350 Indoor Air Quality

Performance:

Fire Rating – Passes ASTM E84 – Class A

Flame Spread: Pass

Smoke Developed: Pass

Notable Facts:

This is a natural wallcovering made with authentic wood veneer which is hand cut and laid on the backing.

Color Variation and Design Variation are to be expected.

Paneling effect, is a natural characteristic of handmade wallcoverings and adds to the unique natural beauty of the product.

NOT recommended for high traffic areas

AVOID high moisture/humid areas. Moisture can cause mold or mildew and cause the edges to curl away from the backing and/or delamination.

DO NOT BACKROLL the material, as it will relax once pasted. Back rolling may cause unnecessary stress to the Natural Surface.

DO NOT ALLOW paste or excessive water to stain the front of the wallcoverings. Both paste, and excessive water will change the color of the natural surface.

Subtle shading differences between strips tend to soften over time as the wallcovering begins to oxidize. DO NOT REVERSE.

CARE-this is NOT a surface washable wallcovering. To clean, wipe with a dry, lint-free cloth or using a soft brush attachment of a vacuum cleaner.
