PERMEABILITY ASTM E96 Water Vapor Transmission Rate: meets requirements

LOW VOC ASTM D5116/D5197/D6196: meets requirements

SPECIAL NOTE As with real suede, this quality has a nap which can occasionally produce a slight paneling effect. Handling or touching changes the direction of the nap, but this can be eliminated by brushing the nap in the same direction with a soft clothes brush. There can be a variation between the sample material and the delivered product.

Please note that this material is not returnable.

ADDITIONAL PRODUCT ATTRIBUTES All dyeing, printing, laminating, finishing, etc., is totally water based

WARRANTY Manufacturer warrants that for a period of five years from the delivery of its wallcovering, products shall not separate from their backings when properly installed on a sound interior wall, adequately maintained and used under normal conditions
