### Notable Facts:

- This is a natural wallcovering made with horse hair, metallic yarn and abaca which is hand cut and laid on the backing.
- Color Variation and Design Variation are to be expected.
- Paneling effect, is a natural characteristic of handmade wallcoverings and adds to the unique natural beauty of the product.
- NOT recommended for high traffic areas
- AVOID high moisture/humid areas. Moisture can cause mold or mildew and cause the edges to curl away from the backing and/or delamination.
- DO NOT ALLOW paste or excessive water to stain the front of the wallcoverings. Both paste, and excessive water will change the color of the natural surface.
- Subtle shading differences between strips tend to soften over time as the wallcovering begins to oxidize. DO NOT REVERSE.
- CARE-this is NOT a surface washable wallcovering. To clean, wipe with a dry, lint-free cloth or using a soft brush attachment of a vacuum cleaner.
- **There may be extended lead times due to it being a handcrafted item.**
